You **must** attach to this worksheet:

A photocopy of the aerial photo clearly indicating which FSA contract acres are to be removed from the CREP 15 Year Agreement and any lands that remain in the CREP 15 Year Agreement. Also, please attach a copy of the Farm Service Agency (FSA) forms/paperwork related to the removal of land.

Land cannot be removed from State CREP without a copy of FSA's paperwork authorizing removal of the same land from the USDA FSA CREP.

The information on this form is entered into the Wisconsin Department of Agriculture, Trade and Consumer Protection's database to track land under a CREP 15-year agreement and calculate paybacks.

NOTE: The DATCP will calculate the payback and penalty due 25% if 5 years or less or 15% if >5 years including any cost share money paid for the lands that are to be removed.

The applicant along with all owners must sign the Buyout of CREP 15 Year Agreement form that will be created by the DATCP.

We hereby acknowledge that we will be required to pay the funds back to the State of Wisconsin DATCP (incentive and practice payments) and to the county (penalty payments) upon demand by the county based on the total acres removed in block **t.** above.
